

I'm not a robot

You're just a tap away from managing your Google Account settings. From your profile picture, you can sign in, sign out, or turn on Incognito mode. When it comes to privacy, we offer personalized controls and tools like Privacy Checkup so you can choose the right level of protection for yourself. With easy-to-use controls, you can also control what data is saved in your account and delete your data by date, product, and topic. Your Google Account gives you a safe place to store your personal information, such as credit cards, passwords, and contacts, so it's always available when you need it. We use data and cookies for various purposes, including: - To offer and maintain Google services - To prevent spam, fraud, and abuse - To measure public interactions and create site statistics to understand how our services are used and improve their quality By choosing "Accept all", we'll also use cookies and data for development, advertising, personalization, and more. Chrome helps you create stronger passwords for every account you use. The Safe Browsing feature warns about malware or phishing attacks. You can turn on Enhanced Safe Browsing for more safety protections. Chrome's Safety Check examines the security and privacy of your browsing experience, including saved passwords, extensions, and settings. If something needs attention, Chrome will help fix it. Chrome makes it easy to understand what you're sharing online and who you're sharing it with. The Privacy Guide provides a step-by-step tour of your privacy settings. You can personalize your web browser with themes, dark mode, and other options built just for you. Sign in to Chrome on any device to access bookmarks, saved passwords, and more. Use Chrome to save addresses, passwords, and more to quickly autofill your details. From shopping and entertainment to productivity, find extensions to improve your experience in the Chrome Web Store. Google Pay makes it easy to pay online. When you securely store your payment info in your Google Account, you can stop typing your credit card and check out faster. Get things done in Gmail, Google Docs, Google Slides, Google Sheets, Google Translate and Google Drive, even without an internet connection. To install Chrome, simply download the installation file, then look for it in your downloads folder. Open the file and follow the instructions. Once Chrome is installed, you can delete the install file. Chrome is compatible with devices that run Windows and Mac operating systems, provided they meet the minimum system requirements. In order to install Chrome and receive adequate support, you must meet the system requirements. Learn more about using Chrome on your device. You can set Chrome as your default browser on Windows or Mac operating systems as well as your iPhone, iPad or Android device. When you set Chrome as your default browser, any link you click will automatically open in Chrome. Find specific instructions for your device here. Chrome uses cutting-edge safety and security features to help you manage your safety. Use Safety Check to instantly audit for compromised passwords, safe browsing status and any available Chrome updates. Learn more about safety and security on Chrome. Download Chrome on your mobile device or tablet and sign into your account for the same browser experience, everywhere. We use Cookies and data for the following purposes: Providing and maintaining Google services Tracking service disruptions and preventing spam and malicious behavior Evaluating the participation of target audiences and website statistics To understand Google service usage and improve service quality If you choose "Accept All", we will also use Cookies and data for the following purposes: Developing and improving new services Broadcasting advertisements and evaluating ad effectiveness Based on your settings, displaying personalized content Displaying personalized ads If you choose "Reject All", we won't use Cookies for these additional purposes. The system may display non-personalized content based on your current browsing activity, present location, etc. Personalized content and ads may also include more relevant search results, recommended content, and suitable advertisements. The system will show personalized content and ads based on your browsing history (e.g., Google search records). In some cases, we'll use Cookies and data to provide personalized experiences. You can view other information by selecting "More Options". You can adjust settings at any time by visiting [g.co/privacytools](https://www.google.com/privacytools).
